

Bernie,

First I need to say this before I go on.
Last night (Sat) when you suggested I
went to get help for myself last Sept. was
only because I was running from the law -

[redacted] was going to bail me if the drugs
(Momeval & Dmlin) didn't just.
In March when I was at Charles Renewal
I was told by Pam that an officer was
looking for me to give me papers - she told me
I didn't have to see anyone while I was at
Charles & she didn't have to now did tell
them I was there. I tried her to tell me
who it was & I called them to come back -
I believe it was Uppa Yoda Police in J. Town.
I wasn't running Bernie [redacted]

[redacted] You need to know that in March of
1995 I was prescribed Dmlin by Dr. Pasquellio
of Erie Co. It had an effect on me like no other
drug. It put me in an amnesiac state -
I practically went outside myself. I have
very little memory of many things when I was
taking high doses. [redacted]

Dr. Adam Sobel gave me 100's at a time
when I would take it in excess I didn't feel,
I didn't think - so many of the things I did
personally to [redacted] area of J. But I know
now I did them - Bernie if this was about
me & wanting to hurt [redacted] & get all the
money I could from [redacted] I'd have taken
the money & ran as far away as I could -
No Drs in J. Town in Williamstown like

HE SAID HE'D KILL ME

Bernie,

First I need to say this before I go on.

Last night (Sat) when you suggested I went to get help for myself last Sept. was only because I was running from the law -

██████████ was going to kill me if the drugs (Demerol & Ambien) didn't first.

In March when I was at Charter Renewal I was told by Pam that an officer was looking for me to give me papers - she told me I didn't have to see anyone while I was at Charter & she didn't have to nor did tell them I was there. I told her to tell me who it was & I called them to come back. I believe it was Upper Yoder police in Johnstown. I wasn't running Bernie ██████████

Dr. Adam Sobel gave me 100's at a time. When I would take it in excess I didn't feel, I didn't think - So many of the things I did personally to ██████████ are a fog. But I know now I did them. No, I'm in Johnstown on Welfare living like

Clean 3' sawed - 'Dont you understand - I always
thought I needed a man in my life to
validate me! Today I dont need that.

I'm working very hard on finding out who I
am & why I have done so many things wrong -
Its not going to happen over night - I accept
that - You see Bernie acceptance is
the key of life for me.

I was up all night thinking about all
of this - You want me to keep [redacted] & God
knows I want to keep [redacted] - As far as I'm
concerned - I dont care what happens to me -
but [redacted] deserves better & I will help [redacted].

As far as map goes - I have told you
all but I'm not going to take the fall for
him - But I need guarantees from you too -
Perhaps a lawyer is my best defense now
when it comes to map - I'm frightened -
I need to know Leslie & Mel are OK - that no
sudden accident was "just an accident"
& that I will be able to live my life
just like now as a [redacted].

God willing getting a job to be able to
support me - Maybe it is a good idea before
Leslie goes to college next week you
speak to Tony & the girls or just Tony & Leslie -
I need assurances as I said I'm not going
to talk about Map or local cops & then end
up in jail for 10 yrs because I did - I cant
M. this with [redacted] days [redacted]

clean & sober. Don't you understand, I always thought I needed a man in my life to validate me! Today I don't need that. As far as Max goes - I have told you a lot but I'm not going to take the fall for him. But I need guarantees from you too. Perhaps a lawyer is my best defense now when it comes to Max. I'm frightened. I need to know Leslie & Melissa are O.K. - that no sudden accident was "just an accident" & that I will be able to live my life just like now as a [redacted]

As far as Max [Camp] goes - I have told you a lot but I'm not going to take he fall for him

What girls - Bernie I can do it -

You know I will help [redacted]
[redacted] back - I will talk to anyone -
I can't see when bringing Max down will help
[redacted] right now - It may harm him more.
Max is not a pleasant person when looked at
too closely - Yes Bernie I am afraid & have
reason to be.

Lydia.

I don't know the law at all so I'm asking
if its possible for you or my pd. to speak to
the magistrate & allow say I am co-operating to
the fullest & releasing me on Wed. on my own recognizance?
I can't hear from Bernie - you have no idea
what this is like! Please!

And I need to say this too because today
this fellowship has taught me the truth is the
only way to freeness! [redacted]

This is mm night - I'm now thinkin Max was
not in this alone - right now I'm scared he
said he'd kill me - I need to know if
I can say his story all the way.

what jail is - Bernie I can't do it.

You know I will help [REDACTED]

[REDACTED] back I will talk to anyone -

I can't see where bringing Max down will help [REDACTED] right now - it may harm him more.

I don't know the law at all so I'm asking if it's possible for you or my po to speak to the magistrate and at least say I am cooperating to the fullest & releasing me on Wednesday on my own recognizance? I can't be in here Bernie - you have no idea what this is like! Please!

And I need to say this too because today this fellowship has taught me that honesty is the only way to free yourself! [REDACTED]

This is Mon night. I've been thinking Max was not in this alone - right now I'm scared he said he'd kill me - I need to know if I say his story I'll be OK.
